

Friday, August 12, 2022

This chart draws each series as a horizontal bar in a cluster.

Properties are set as following:

- **ChartType:** Bar
- **DataSource:** The orders count of each year
- **DataX:** OrderYear + ". Holds the position on the X-axis.
- **DataY:** OrderCount. Holds the position on the Y-axis.
- **LabelCompass:** East. Shows data label on right of each bar.
