Bar Chart

Friday, August 12, 2022

This chart draws each series as a horizontal bar in a cluster.
Properties are set as following:

- ChartType: Bar
- DataSource: The orders count of each year
- DataX: OrderYear + "". Holds the position on the X-axis.
- DataY: OrderCount. Holds the position on the Y-axis.
- LabelCompass: East. Shows data label on right of each bar.
